## Professional Summary

Computer science student with a solid foundation in algorithms, data structures, and programming languages including Java, Spring Boot, HTML, CSS, and MySQL. Strong analytical and problem-solving skills, with a passion for learning new technologies and applying them to real-world challenges. Proven ability to quickly adapt and excel in diverse technical environments.

## Education

### Galgotias University

Bachelor of Technology in Computer Science and Engineering : 8.33 CGPA

Sep. 2021 – June 2025

Greater Noida, UP

### S K L G D Public School, Agra, UP

Higher Secondary : 61.7%

May 2020 – April 2021

Agra, U.P.

### S K L G D Public School, Agra, UP

Secondary : 75.4%

May 2018 – April 2019

Agra, U.P.

## Experience

### Software Engineer Intern

Sep 2025 – Present

NxtMobility Pvt. Ltd.

- Contributing to the development of web and mobile applications using modern frameworks such as React.js, and Spring Boot.
- Collaborating with the development team on projects like LMS, Go Ride Pe, focusing on UI/UX finalization, bug fixing, API integration, and backend development.
- Gaining hands-on experience in team collaboration, software deployment, and version control (GitHub).

## Projects

### Weather Web Application | Html, CSS, Javascript

- Created a dynamic weather application that fetches real-time weather data.
- Designed a responsive and visually appealing interface using HTML and CSS, ensuring optimal user experience across devices.
- Utilized JavaScript to handle API requests, display weather information, and implement features like location search.

### Banking Management System | Java

- Account creation and management Transaction processing (deposit, withdrawal, transfer), Account balance inquiry, Transaction history, User authentication and authorization
- Implementation: The implementation of a banking management system in Java can be done using various technologies such as: Java programming language, MySQL database management system.

## Technical Skills

Languages : Java, HTML, CSS, JavaScript

Frameworks : Spring Boot, React.js

Tools : Git, GitHub, Postman

IDEs : intelliJ IDEA, Visual Studio

Database: MySQL

## Certifications

### Wipro Talentnext Java J2EE, WIPRO

- Completed a comprehensive Java J2EE certification course, gaining proficiency in core Java programming, object-oriented design

### Mastering Data Structures and Algorithms with Projects, GFG

- Completed a comprehensive course focused on understanding and applying core data structures and algorithms. Gained practical skills in solving complex problems, optimizing performance, and improving coding efficiency to handle large-scale data and improve software functionality.
